	SCIENCE & TECHNOLOGY
1.	We should always was our hands after touching plant
2 .	Which plants take in and out air, we say they are
3.	All things in our environment are grouped into living and
	Name the following items.
4	5 CP 6
•	
7	Which animal should not be in this group?
•	Cow Lion Donkey Housefly Camel
2	
•	Write true or false. All animals respond to changes in their environment
40	Which down at the control of the con
•	Which domestic animals is found in many homes and is used for security
0	Which must stime it as 1
U.	. Which protective item do we wear when holding a frog?
1.	
	shown below?
laı	me the parts of the human digestive system.
]—12
	-13
	13
	V-14
5	In which digestive nort is food shoothed in the
6.	In which digestive part is food absorbed into the body?
1.	What is the source of air pollution in the picture shown below?
	and the second s
3	We should sprinkle on dusty grounds before sweeping
	Name one air pollution on dusty grounds before sweeping
, ,	rame one an ponunon.
